## for businesses with ambition

---

**Workforce planning allows you to think ahead and consider options for training your existing staff to fill posts in advance of taking on new employees to fill your skills gaps.**

An Apprenticeship Programme offers your business a cost-effective solution to make your training budget go further.

### Why employ an Apprentice?

From a cost-effective way of training employees with the skills your business needs, to seeing a positive return on investment - an apprenticeship programme is the best investment you can make to grow your business and build a motivated and loyal workforce.

### Two routes to taking on an Apprentice

You can employ a new recruit as an Apprentice - anyone over the age of 16 can apply. You can upskill or reskill your existing staff by enrolling them on to an Apprenticeship Programme.

## Train. Retain. Gain.

**Train** your new apprentices in the skills your business needs. Our experienced officers carry out a free Training & Needs Analysis (TNA) to identify any skills gaps that could be addressed by hiring an Apprentice.

**Retain** your valued employees by upskilling them on to a higher-level apprenticeship. Once qualified they will be equipped to bring innovative ideas ensuring your business remains successful and resilient.

**Gain** benefits of having motivated and highly qualified employees. Completing an Apprenticeship programme gives your employees a sense of pride and achievement. Employees mentoring them also get to pass on their knowledge and feel valued at the same time.

## How we assess applicants

We screen all potential Apprentice candidates before they make it on to our 'work ready' list. We do this by inviting them to undertake an Initial Assessment.

This is an assessment that is done under exam conditions. The Assessment checks their current level of English and Maths. Skills which are crucial for employees working in any sector. We also analyse their CV for relevant work experience and check if they have existing transferrable skills for their chosen Apprenticeship programme.

We then interview them to ascertain their suitability as a potential Apprentice and to ensure they are 'work ready' for any job vacancies.

## Hassle-free recruitment

You can be assured, by the time candidates are recommended to you, they have been screened by us. We forward CV's of the most suitable candidates for you to interview.

So, you get a hassle-free recruitment process, and a high calibre 'work ready' Apprentice candidates. All we ask in return is that training is undertaken by Blackburn College.

## Apprenticeship Funding

### Levy paying employers

All businesses with a wage bill of £3 million or more will be contributing to the Apprenticeship Levy scheme – this money can be used for Apprenticeship training.

### Non-levy paying employers

Businesses employing less than 50 employees will be eligible for 100% funding for training Apprentices aged between 16-21. If you employ over 50 staff or your Apprentice is aged 22 or over you will be required to pay 5% of the Apprenticeship training.

Our Apprenticeship Team will assist you in setting up the Digital Account (TAS) to reserve your funding.

## Salaries

The minimum wage for Apprentices rises every April. The current rate is **£7.55** per hour, but you can pay more if you wish.

## Off the job training

The new minimum off-the-job training requirement is 6 hours per week for a full time equivalent (an individual who works 30 hours or more per week). We have included a minimum number of off-the-training hours for a 52 week programme.
