1. PURPOSE

1.1 This Policy sets out the arrangements for financial support provided by the Education and Skills Funding Agency (ESFA) 16-19 Bursary Fund for Further Education students, ESFA Adult Education Budget Learner Support Funds (AEB), and the Advanced Learner Loans Bursary Fund (ALLBF) for 19+ learners, for 2022-2023.

1.2 Full time students studying on ESFA funded programmes can apply for assistance from funds provided by the Education and Skills Funding Agency.

1.3 Part time students studying on ESFA funded programmes may be able to apply for assistance from funds provided by the Education and Skills Funding Agency.

2. SCOPE

The Policy outlines arrangements for: 16-19 Bursary Fund for Further Education students, ESFA Adult Education Budget Learner Support Funds (AEB), and the Advanced Learner Loans Bursary Fund (ALLBF) for 19+ learners, for 2022-2023.

3. OBJECTIVES

This Policy explains various types of financial assistance available to Further Education students, the eligibility criteria and the appeals process.

4. 16 – 19 BURSARY FUND

The bursary fund is to help students with essential costs of participating in their study programme. It is not to provide support for general household incomes. All awards are subject to the student completing an application on PayMyStudent ([Blackburn College \(paymystudent.com\)](https://blackburncollege.paymystudent.com)), providing any evidence requested and outlining their study related costs. Funds will be allocated on a first come, first served basis. Any award decisions will be made based on the actual financial needs of individual students, the availability and the level of household income. Our All About You support package will be based upon your highest priority needs and may consist of different elements of support.

4.1 Eligibility

- Household income below £34,000
- Students who are aged 16 – 18 (be at least 16 but under 19 years of age on 31 August 2022) and satisfy the eligibility criteria set out in the ESFA Funding Guidance 2022/23.
- Students who are 19 or over as at 31 August 2022 and are continuing a study programme they began aged 16-18.
- Students aged 19 who have an Education, Health and Care Plan (EHCP)
- To retain eligibility during the academic year, students must also have a good attendance rate at college of at least 90% and/or be actively engaged in their studies.
- Students must also demonstrate positive behaviour for learning and be making the expected level of progress on their study programme.

- Payments may be withheld if students do not meet the expected attendance and behaviour standards.
- Payments will be stopped where students have been absent for a period of 4 continuous weeks or more.
- Where students withdraw from a study programme, bursary allocations will cease and students may need to return any unused allocations.

4.2 Travel Assistance

Where assistance with travel is identified as an individual need, Blackburn College will use the 16-19 Bursary Fund to support eligible students with the cost of a bus pass to travel to college from their registered home address. The full cost of the pass will be paid from the fund for those students with a household income of under £34,000, who live more than a mile away from college and have made a successful application.

Travel passes will be issued on a termly basis and students must maintain an attendance rate of 90% or above for travel assistance to continue each term. Where attendance falls below this level, a weekly pass may be issued as an alternative.

Please note funds are limited and awards for travel assistance will be made on a first come, first served basis, so we advise students to apply early.

Bus passes will be issued electronically using the Transdev Go App, to the email address used on the PayMyStudent application. If a student does not have a suitable mobile device, alternative arrangements can be made.

We will need to see evidence of costs and a justification from relevant curriculum staff stating what modules of study the trip/visit relates to and the expected impact the trip/visit will have on the student's learning and achievement.
